Whereas, this reality cannot be denied that after Quetta, Chaman is the biggest city of the Province population wise which is comprised on a complete Tehsil. However, on the other hand this reality can also not be denied that despite being a well known trading and a largely populated city Chaman is deprived of basic educational facilities including Cadet college, Polytechnic Institute and Residential Schools etc. While, so as compare to Chaman some other cities and districts having less population have these facilities. This House therefore, calls upon the Provincial Government to ensure steps to establish Cadet College, Polytechnic Institute and Residential school in Chaman.
