This representative house of province of Balochistan unanimously expresses its deep concern over the situation arises out in result of sit-ins and illegal and unconstitutional demands of some political groups particularly Pakistan Tehreek e Insaaf and Pakistan Awami Tehreek in the federal capital and deem it to be a deep conspiracy against the constitution, democratic system and the people of the country.

There is a consensus among the honorable members of this august house that political issues can only be resolved through political means and within the ambit of the constitution, while this house is the guarantor to the continuity of democracy at any cost.

This house is of the view that the unconstitutional demands of the participants of so-called Azadi and Inqilab March about the resignation of the prime minister, dissolution of assemblies and civil disobedience are totally against the constitution and to the law of the land. This house beside strongly condemning all the conspiracies against the democratic system of the country calls upon the federal government to stop all the unconstitutional and undemocratic activities so as people of the country could take a sigh of relief and journey of development and progress could continue.
