Joint Resolution No. 45 From: Mr. Saleh Baloch Minister Health, Mr. Fateh Mohammad Baledi, Ms. Yasmin Lehri and MPAs Haji Mohammad Islam.

This House requests the provincial government to approach the federal government that whichever districts are provided Iranian electricity, all these areas may be provided electricity on Iranian rates per unit cost, and to overcome joblessness all these areas may be permitted to use Iranian electricity for agriculture purposes. Due to non-significant availability of livelihood in the area public frustration has increased to a large extent. Hence due to economic downturn and unemployment it is unaffordable for the people to pay Iranian electricity dues on country's rates.

Therefore, federal government may take practical measures to meet the long outstanding demand of the people of the province.
