

Order of the Day for the meeting of the Assembly to be held on Monday 18th March, 2010 at 11:00 A.M.

1. **Recitation of Holy Qur'an.**
2. **Questions,** Questions asked and the answers will be given in a separate list.
3. **Government / Non Government Business.**

Joint Resolution No. 49 by Mir Shahnawaz Marri, Sardar Mohammad Aslam Bezenjo, and Mrs. Nasreen Khetran Provincial Ministers.

Whereas Balochistan is facing the shortage of 600 MW of Electricity resulting in the urban areas 6 hours and in the rural areas 16 to 18 hours load shading is taking place. Due to the fact not only the domestic but the agriculture consumers are causing irreparable loss and unless Dadu to Khuzdar and D G Khan to Loralai transmission lines are not installed the load shading will be increased.

Hence this august House calls upon the Provincial Government to contact with the Federal Government that from the imported rental power station at least 2 Nos. of 200 MW rental power station may be installed one at Quetta and the other at Khuzdar respectively and immediately for some relief to the people of the area.

Secretary

Balochistan Provincial Assembly
Quetta
Dated 17th March, 2010
