This house calls upon the provincial government to contact federal government that contrary to the article 158 of the constitution, where this house is deprived of gas facility, under an illogical formula efforts are being made to deprive the domestic consumers, who are already in small number, unit rates have been fixed from 1 to 100 units along with 17 pc GST 3.87 per unit, and from 100 to 300 units the rate of per unit along with GST is RS.7.75 and rate of 300 to 500 units along with GST is RS.32.61 and above 500 units the rate along with GST has been fixed RS. 41 per unit. The poor People of this province cannot afford paying these rates. Due to extreme cold in winter season even a small family it is not possible to consume less than 300 units. Therefore, keeping in view the economic backwardness and situation in the province a 50 pc cut along with exemption in GST exemption in current rates should be made in the best interest of the domestic consumers.
